The New Hotel.

The New Hetel.

The work of building the new hotel progresses nicely under the supervision of Mr.

B. K. Beacham. The massive walls are above the ground, and the masons are daily adding to the height of the pile. This is to be a fine hotel. When it is finished Abbeville will be well supplied with hotels, and no complaint can be justly made on account of the variety of hotel accommodations. Subscribers to the central stock are below called upon for

The new hotel will stand as a monument t The new note: will stand as a mutuality of the liberality and public spirit of its founders, may look upon it in after years with ide and with the satisfaction which comes public benefactors. The hotel will be an nament to the town, and will be one of the st institutions of the city.

We would like to ask, through the columns of your paper, if there is any person who haused Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, beadaches, despondent feelings, sleeplessness—In fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you oue of our hooks free of cost. If you never tried August Flower, try s is cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 23 cent size has just been introduced this year. Regular size is cents. At all druggist. Speed Drug Co.

Removal.

To my friends and customers throughout the county. I have moved from the store I recently occupied, known as the Rasseii Building above the Court House, to one recently occupied by H. W. Lawson, known as the Tin and Stove man next door above McDill and Lyon on Trinity Street. Come around and see me. I still carry the same line of goods. Mandolin, guilar, violin and banjo supplies. Baker's chocolate No. I can be had in 10 cent cakes.

Yours, Mike Cassidy.

Tell Year Grocer What You Want. When you order a sack of flour be certan to tell your grocer to send you "Clifton," otherwise you may get something that costs the grocer less, but which you buy cheaper. And you don't get as good, pure flour, either. Always ask for "Clifton" brand. L. T. & T. M. Miller bave it.

Towels Without Cost.

Every forty-eight pound sack in which "Cliffon" flour is packe I will make two good towels, the regular towelling goods being used in the manufacture of the sacks. Ask your groser to send you a forty-eight pound sack, or call at L. T. & T. M. Miller's for it.

A Correction.

A paragraph in "Eshoss Along Route No 2," in last week's issue of your paper did an injustice, though unintentionally, no doubt to the treatees and patrons of Long Candlebool. I offered to have everything done necessary to make the school house comfortable, still Miss Werts declined to teach the school.

THE A. R. P. CHURCH.

ter, Ministers to His Old Fleck-And they Were Delighted to Have

The Associate Reformed people were delighted to worship last Sunday morning in their own little church around the corner. They were gratified to see present with them many others than their own members. Some were there from other communions, and and some were there who were not in the communion of any church.

This church would do good to all. It would give the awestest consolation to the devont worshipper, and it would whisper hope to those who may have wandered far from the Cross.

worshipper, and it would whisper hope to those who may have wandered far from the Cross.

While this church delights to live in love and fellowship with Christians of whatever ereed, yet lie chief concern is for those fellowmen who need its shield and its uplifting care. It would awaken the callous minded and it would warn those who may be inclined to forget. It would call back those who, at the parting of the ways, have gone the wrong road. It would give strength and hope to the faint hearted; it would raise up the failen and test dim to be again a man and a child of the Heavenly Father; and for a weak brother who may be borne away on the waves of sin, it would set as a beacon light.

This church believes that with repentence, though our ains be as scarlet, they shall be as white as snow; though they be red like erimson, they shall be as wool.

In many churches long drawn out prayers are said for God's people, the church, the missionaries, the beathen and all sorts of people who neither need nor care for our prayers. But in this church, the poor creature who feels his unworthiness to put his feet in the holy temple is not forgotten. He who may have seit the need of the comforting petition is not neglected He is made to feel that he has an interest in the service, and the service is most helpful to him. The strange part of the average service rests in telling the Lord a whole lot of things and in praying for those people who least need the prayers of others. The familehing heart and perishing soul too often receive no attention from godly men who speak so flippantly of "God's people," apparently to the exclusion of others.

At the conclusion of the service last Sunday morning Dr. Pressiy, in his "announcements" stated that Mr. Eccles was expected to conduct the service in this church next
